PRICE, FIVE CENTS

New Member

Of Narberth's School Board is
Mrs. Samuel J. McCartney,

Of 405 Woodside avenue. She was appointed and sworn in at Tuesday night's meeting of the board, to succeed Mrs. H. R. Rinehart, who resigned because she is moving to Cynwyd.

Mrs. McCartney, former president of the Parent-Teacher Association, conducts a private nursery school and is the mother of two children who attended the Narberth School and Lower Merion. Sam, Jr., will be a freshman next year at Dickinson, and Lorna will be a senior at the University of Minnesota.

Mrs. Franklin Dunlop, of Dudley avenue, was appointed census enumerator, to take a census of all children of school age, as she did last year—and in addition to list, under a new State law, aliens and illiterates. Co-operation of all residents is requested by the school authorities, to facilitate her door-to-door calling for information.

A routine temporary loan of \$7,000 was voted. Bus contract for transporting Narberth students to Lower Merion High Schools was awarded again to Aronimink. Coal bids by Newton for buckwheat and Skelton for pea coal, were approved. Bids for new lights and wiring for the primary building will be opened at a special meeting in the school 7 P. M. Wednesday.

Principal W. J. Drennen announced that summer school will be held 8.30 to 12.30 for fifth to eighth graders, July 5 to August 5.

On an Outing.

The Bala-Cynwyd-Narberth Rotarians made the Plymouth C. C. their headquarters on Tuesday. Golfing honors went to Wilmer G. Crowell, famed football umpire, who shot a 72, and his host, President Bill Durbin, who turned in a card of 80. Speaker at the dinner that followed was Walter R. Faries, who gave impressions of his visit last year to Germany.

Around Our Town

Children playing at the community and school playgrounds these summer days don't know when to come home for lunch, says one mother. . . . And so, rather than equip them all with watches or require mothers to go chasing them with bells and whistles, she recommends that the fire siren sound each day at noon, as it does on Saturdays. Our Town passes on the idea to the town fathers.

And also this, anent the use of tennis courts at the playground: The day when a caretaker is most needed is the day when there is none—Sunday. It's Ed's day off and Bill says he's too busy, what with the ball games, Sunday afternoons, to perform the important duty of letting players know when their time is up, and reminding vacationing young people that their time is weekdays. Adults, whose only chance to play is evenings and weekends, believe someone in an

School Nursing

Activities at the Narberth School
for the

Past year are summarized as follows by Miss Bessie Drain:

Of 387 pupils examined, 80 were reported with handicapped vision, of whom 63 received treatment; 49 with decayed teeth, of whom 37 had treatment; 21 defective tonsils, of whom 9 had operations; and 2 with hearing defects and 64 with cervical glands. Two refused eye examinations; 15 will have them during vacation. Ten tonsil and adenoid operations are listed for the summer.

As a result of t. b. testing at L. M. Junior High, four students with positive reaction were x-rayed, doctors contacted, and five families visited for follow-up work, four referred to the State Clinic for further study, one to a private doctor—a total of 16 individuals.

Suffering from contagious diseases, there were excluded from school, under quarantine: 23 for chicken pox, 9 measles, 14 mumps, 3 scarlet fever, 10 conjunctivitis, 3 impetigo contagiosa, 2 scabies, 4 pediculosis.

Typhoid

Gene Davis, borough councilman and manager of the Narberth ball team, is being given treatment at Hahnemann Hospital for a case of typhoid fever, believed to have been contracted while eating clams in Philadelphia.

Toughest Tilt

Of the Season May be
Tomorrow's

At the community field, when Narberth tangles with Manoa in the Main Line League headliner.

The Manoa Club moved into first place last week-end by nipping Gladwyne. Gene Davis' club was an arch foe of Manoa even before it entered the league this year and holds one decision over the invaders, so the fans are banking on a nip-and-tuck fight.

On Sunday Narberth is scheduled to take on Coatesville's last-place team, away. The Coates defeated the Davismen here in their first meeting.

Narberth's tossers showed some improvement last week-end when they turned in two victories, one of them a league affair. Playing without the leadership of Manager Davis who is

Merion Man,

Joseph F. McElwee, is New
Demo County Leader

Joseph F. McElwee, of 236 Valley road, Merion, was elected chairman of the Montgomery County Democratic Committee to succeed Frank J. Bradley, at a meeting held Monday in Norristown. Bradley was not a candidate for re-election.

McElwee, who has been committeeman in Merion for ten years, defeated John Durnin, of Overbrook Hills, chairman of the Lower Merion and Narberth Committee, and Raymond Mensch, of Gilbertsville.

Miss Maude Kneule, of Pennsburg, county mercantile appraiser, was elected first vice-chairman and Frank Hartenstein, of Pottstown, second vice-chairman.

David Fellman, of Soudertown, was elected corresponding secretary and James W. Potter, county commissioner, was named recording secretary.

McElwee, who is unemployment compensation referee for Philadelphia, Montgomery, Delaware, Chester and Bucks Counties, urged all committee members to work for a united party in November.

Spectator Supports His Premise
That One Must Give Before
One Gets

If as a result of your own mental enterprise (no coaching) you are the first to state why no household which heats with gas received a fireworks card last week, the lady's prize is three pairs of the best-ever silk stockings (size and color to suit) or a pack of Camels if a man is the winner. Address the Editor.

The omission does not mean, by any means, that those who heat with gas are exempt from the call, as, if what we hear is true, such opulent friends should double up on the usual stipend, and here's a request for them to do so, please.

There are some circumstances, of course, where even a dollar diverted from the family exchequer cannot well be spared, and in such cases the committee will regard an excellent goodwill as quite akin to cash.

In all other instances, it is hoped there will be a contribution from every citizen, even if it is thought that there is a better way of celebrating the Fourth than by shooting money into the stratosphere; as something more is involved than individual opinion.

To help illuminate that point, the committee is offering two prizes, \$10 and \$5, for the best short essays on the community value of Narberth's Independence Day Observance, the winning papers to be published in Our Town, July 1, 1938, with priority to be given the thoughts put forward and not particularly the manner in which they are expressed.

To assure a fair field, the committee promises to bar and blackball instantly any papers received from

It was announced Montgomery and Delaware County Republicans will compete in the General Election for a silver loving cup, to go to the county organization getting the largest majority—which for Montgomery was predicted at 50,000. Judge Arthur H. James' State majority November 8 was predicted at 100,000, and Congressman J. William Ditter sounded off for the judge as candidate for the Presidency in 1940.

Again the Fourth

And the annual ingathering of funds to finance the celebration of the Fourth of July. That evening, upwards of 15,000 from far and wide will come to see the fireworks, and be reminded again that Narberth is the Main Line town that does many outstanding things, and does them well.

Promoting the prestige of our place, providing a safe, sane substitute for the children's forbidden firecrackers, the borough's celebration deserves the dollar or two of you and you—a modest means of sharing in a community investment in patriotism and neighborliness.

official capacity should be in attendance.

And there's many a suggestion that Narberth needs a swimming pool. Not necessarily on the ball diamond, but maybe in the outfield, to serve as a lure for home-run sluggers.

"Complaints have been received"—according to Chairman Roland Fleer, of Narberth's Public Safety Committee, in a report at June's borough council meeting—"that various persons appear to be under a misapprehension as to the purpose of the playground. They seem to think it was intended to be used by dogs for exercising and toilet purposes, and have been more or less regularly bringing their dogs there for those reasons. Our officers were instructed to keep special watch, and to explain, politely but firmly, that no such object was in the minds of those who established it. A regular customer commuting from a nearby community so that her dog could use these facilities, was surprised to learn all this."

Current issue of Narberth's school paper, the *Sun Dial*, has many an item of interest. . . . Class of '38 is smallest in recent years (largest was 66, in '33). There are 28 girls, 20 boys. . . . Also divulged are teachers' vacation plans, intimate facts about the co-eds, and a column, "Looking Into the Future."

Local boys, aged 9 to 15, are invited to enter Philadelphia's Soap Box Derby, July 16, for which the local sponsor is Karsch Chevrolet Company, in Bala-Cynwyd. Winner gets a trip to Akron to the International Derby, whose winner gets a college scholarship. There will be many other prizes. Not more than \$10 is permitted to be spent on your machine, and local service stations and garages are glad to help you get going.

Children should be kept from playing on recently poisoned turf until the rain or wind has removed the lead arsenate from the grass.

Never in the history of the Egyptian Theater has there been a picture so engaging so thrilling, so exceptional that it demanded a full week's showing. . . . *Hold That Kiss*, starring Clark Gable, Myrna Loy and Spencer Tracy, which is a story of those unheralded heroes of the aviation industry, is perhaps the greatest talking picture ever made. Clark Gable is a dashing and romantic test pilot, Spencer Tracy has a most sentimental and heroic part, and Myrna Loy portrays a lovable and compelling role. Laurel Barrymore's contribution is equally fine. Truly this picture is one for the entire family and is worthy of your attention.

Hold That Kiss, a story of the younger generation that will give a laugh to all generations. Mickey Rooney, Maureen O'Sullivan, Dennis O'Keefe and Fay Holden are featured in this hilarious comedy-romance. *Hold That Kiss* comes to the Egyptian next Friday, July 1, for four days.

To prevent injury to lawns, apply commercial arsenate of lead at the rate of 5 pounds to 1,000 square feet, before the adult beetles appear. The material may be mixed with one bushel of moist sand, soil, or other

the Burgess, Robert Fellows Wood, Karl Rogers, Dr. Snyder or other home run hitters among the local writing fraternity and so, girls and boys, ladies and gentlemen, go to it and win the prizes, \$10 and \$5, with your article (and possibly your photograph) to adorn the columns of our chummy little paper on July 1.

And if there is a philosopher amongst us, he will also get a generous prize for demonstrating how little it bores any of us to be aloof, or academic, or to strut upstage when we are asked to behave like human beings in neighborly affairs, for 'tis the truth 'tis pity that we are denied donations for many involved and inhibited reasons, a perennial occurrence which is not apt to aid the digestion of a gregarious guy who cannot always make some things out.

This week we start to print the names of the contributors and don't forget how valuable your help will be in inducing others to come along, for not everybody travels under his or her own steam and many of us need a special urge to do what we intended to do right along, anyhow.

Your dollar or two quickly will therefore beget itself into many times that amount and so please hurry along what you will to the Fund Treasurer, Carl B. Metzger, Jr., at the National Bank of Narberth, which will put you in right with Carl when you want to make a loan—and who doesn't in these hard times?

Fred Walzer—Sheriff?

Rumor has it that Fred Walzer, who once ran for sheriff as a Republican, is being considered by Governor Earle for appointment to fill the unexpired term of Sheriff Edwin H. Bellis, who died June 8.

Many from here attended the services recently of Mr. Bellis, who had long been active and highly regarded in governmental and political affairs of the county and of the Borough of Jenkintown.

A burglar who said he only wanted to use the phone, escaped with some silverware from a Wynnewood home one night recently. Mrs. James Glase, 1219 Grenox road, was in her room when she heard the tinkle of breaking glass in the sun porch. She locked the door of her room and asked who was there.

The burglar answered, "I just want to use your phone." When Mrs. Glase and Lower Merion police investigated, they found the silverware gone.

Harvey-Dorsey

Miss Lilian Claire Dorsey, daughter of Mr. and Mrs. Norman S. Dorsey, Homewood avenue, became the bride of Mr. William Moore Harvey, of Philadelphia, last Saturday at 4 in the Narberth Methodist Church, the Rev. W. V. Middleton officiating.

The bride, given in marriage by her father, wore a model of white mousseline de soie over tulle. Her tulle veil was held in place by a tiara of seed pearls, and she carried a shower bouquet of bridal roses and lilies of the valley. Miss Betty Schraus-huhn was maid of honor, wearing a gown of blue mousseline de soie, with blue veil and tiara of flowers. Bridesmaids were the bride's sister, Miss Norma Dorsey; her cousin, Miss Dorothy Hood; the groom's sister, Miss Cardella Harvey; the bride's sister-in-law, Mrs. W. S. Dorsey; and Mrs. T. G. Marvel and Mrs. C. R. Fulton. Their frocks were peach tone mousseline de soie and their bouquets were talisman roses and delphinium.

Mr. C. R. Fulton was best man. Ushers included W. S. Dorsey, John M. Templeman, T. G. Marvel, John Williamson, Earl Van Leer and Millard Robinson.

A reception followed at Sunken Gardens, Philadelphia.

the famous architect, Frank Lloyd Wright, would require the zoning to be changed from the present "B" and "D" classification to the "C" class required by the Lower Merion ordinance for apartment structures.

Sutton road residents met at Ardmore's Legion Post recently and refused to put their names to the necessary petition, objecting not to modernism, but to letting down bars to zoning changes in general. And so

Township Notes

Lancaster pike is expected to be closed during August for repaving as a State Highway project. An 8-inch concrete base and a 2½-inch bituminous top will be laid from Greenfield avenue near the Autocar plant to a point opposite McIntyre's store and the trolley station; and a top dressing will be done from this point to City Line . . . the appropriation is \$20,000.

Monday night the Ardmore Retail Merchants' Association voted to send a delegation to Harrisburg to demand that Governor Earle postpone the paving indefinitely, "until the pike actually needs repaving."

July 20, a public hearing will be held by Lower Merion's Township Commissioners in Ardmore, on a proposed widening of the westerly side of Wynnewood road, from Penn road to Lancaster avenue.

At the June meeting of the commissioners, it was proposed by J. Franklin Moss, builder, to make a zoning change in Merion Park—both sides of proposed Monroe road, leading from Meeting House lane to the new General Wayne playground—from "B" to "D," a lower classification, which would permit twin houses. Against this, John Albrecht and John H. Link, representing a large group of residents, spoke favoring a raising of the classification. The petition was tabled awaiting agreement of the interested parties.

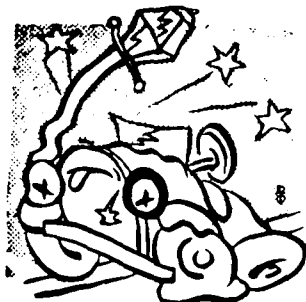

Lower Merion's new playfields, in Bala-Cynwyd and South Ardmore, are expected to be ready for use July 4, and the General Wayne by the middle of July.

Tod Company, the would-be builders, will need to look elsewhere for their site.

The buildings are said to be of a design which would be an innovation in this country and would be constructed of glass and brick with cypress and red wood used on the exterior. They were to be built on the northeast corner of Sutton road and Spring avenue.

ill in a Philadelphia hospital, Narberth nosed out Penn A. C. here Saturday. Sunday they upset Angora in a league game. The Pennacs bowed, 9-8 and Angora was spilled, 8-5.

Big Al Herrmann won his own game against the Pennacs when his single sent in the big run in the ninth as his mates pushed over two. After Roger Malsced skied to left, Bud Walker slapped a single and Harry Fox walked. Joel Rubincam also drew a pass, then Jack Eachus socked a one-bagger to send in the first run. Herrmann then broke up the game with a sharp bingle.

The burly righthander struck out eight and walked one.

Bud Walker boasted a double and two singles in five trips to lead Narberth's sticksmiths. His double came in the fifth after which Fox poled a home run. Fox also had a single, while Malsced and Claude Bailey had two safeties apiece as the winners connected for a total of 12.

Nick Lyons kept his slate clean when he won his fourth game at the expense of Angora. It looked like a terrific setback in the first inning, however, when Angora scored three runs on four hits, one a triple. Lonegan blasted a long one past Malsced in right which he managed to touch, but couldn't hold. Then Phillips, Confoganus and Rushton connected for successive singles and it looked bad for Lyons. However, he pulled himself together and Narberth took the lead with three in the fourth to add to a single run scored in the first. Three more in the fifth and one in the eighth completed the homesters' scoring while the visitors added two in their ninth.

Malsced boasted a double and two singles in four strolls to the plate. Walker slapped a triple and double in four as Narberth pounded the usually steady Andy Powhida.
